VIOLETS —Radio. Deep blue; blooms profusely in May.....	.25

NEW ENGLISH CHRYSANTHEMUMS

A new strain of hardy chrysanthemums from England. These are mostly early-blooming sorts. You should have many weeks of bloom before frost.

Your choice, 35c each; any 10 for \$3.00

ADORATION—Large spreading flower of pink on cream ground. A very fine variety. Plants will carry 6 to 8 blooms 6 inches across. A good grower and grand for cutting.

ALABASTER—A very early white. Flowers 5 inches across, slightly incurved. Blooms August and September.

ALEX MASON—Rich buttercup yellow that makes a 6-inch flower if disbudded.

ALMIRANTE—A large terra-cotta red shaded scarlet. A real lovely variety.

ALPINK—Deep rose pink variety of nice size grown on strong stiff stems.

AMBER GLOW—Beautiful shade of glowing amber.

AMBER UTOPIA—A very lovely light amber. Large flat flowers; blooms from September on.

ANTELOPE—Salmon amber with orange glow; incurved; blooms in August.

ASSURANCE—Chestnut with bronze reverse with flowers 4 to 5 inches across in September.

BELLE MAUVE—A lovely stiff stemmed silvery pink. Good disbudded or in sprays.

BETTY FERGUSON—Large solid incurving terra-cotta blooms; stiff stems and a nice bushy habit.

BORDER WHITE—Large snow-white dahlia-like blooms. Very free flowering blooms in September.

BRIDESMAID—A large very delicate blush pink suffused light salmon, full reflexed bloom. Flowers are about the same size and type as Primrose.

BRONZE EARLY BUTTERCUP—Rich deep bronze with golden buff reverse. Fine disbudded. August and September blooms.

BRONZE FREDA—A lovely bronze salmon with petals of quilled formation. Blooms start in August and blooms over a long period.

BUTTERCUP—A very large incurved golden yellow. Blooms 8 inches across when disbudded.

CERISE—A lovely tall-growing variety with rosy-cerise quilled petals. Blooms in greatest profusion in September.

CHARMWOOD—A classical type of bloom, the petals overlapping each other in close formation. Bright rosy-mauve flowers four inches across.

CONQUEROR—A lovely non-fading rich crimson with flowers 7 inches across when disbudded. Blooms in September.

CORONA—A large broad-petaled flower of unique shape. Bright orange amber flowers in September.

CRIMSON BUTTERCUP—Identical with Bronze Early Buttercup except the reverse of the petals is crimson. Fine disbudded.

CYRIL COLEMAN—A large bronze with gold shading. Fine disbudded. Blooms in September.

C. W. JOHNSON—A fine large very incurved white. Blooms in September.

DAFFODIL—A large lovely yellow. Nice in sprays or disbudded. September.

DAILY EXPRESS—Large terra cotta chestnut flowers in September.

NEW ENGLISH CHRYSANTHEMUMS—Continued

- DOROTHY McGUIRE**—A large flat flower of soft bronze with pointed center. An early bloomer, September.
- DR. GEO. BARNES**—Perfectly incurved flower, 6 or 7 inches, color, peach shaded cream with gold points. This one is really a wonder.
- EARLY ACE**—A large incurved golden chestnut flower with strong stems. Starts blooming in August.
- EGYPT**—Amber with gold points. A large deep flower. Blooms in September.
- ELITE**—Light cerise pink with a touch of yellow in the center. Rolled spiky petals. Blooms in September.
- ELLA FRIEND**—A fine large 6-inch exhibition flower of a pleasing salmon fawn. Fine stem and foliage.
- ENTICELLENT**—Bright crimson with gold reverse. Good sized flower and good grower.
- FAY FERGUSON**—Buff yellow bloom. Nice color and nice large flower.
- GLADIATOR**—Very rich chestnut crimson. Blooms in September.
- GLADSOME**—A glowing vivid scarlet large flower of perfect shape when disbudded, and prolific when grown in sprays.
- GOLDEN EMPEROR**—Large golden yellow semi-curving bloom; good exhibition variety. Blooms August and September.
- GOLDEN GEM**—Beautiful golden yellow flowers of good substance in September. Good disbudded.
- GOLD STANDARD**—This is a true early disbudding variety. The deepest yellow with broad florets. September blooms 7 inches across when disbudded.
- HALO**—Large bloom; broad florets of good substance, the outer petals reflexing, the inner cupped, building a fine large bloom. Color is a glowing amber bronze. A strong grower with good habits and long stems.
- HAROLD LARWOOD**—A rich chestnut red with gold reverse. Stems are nice and stiff and flowers are large and nice disbudded.
- HARVESTER**—Light bronze of good habit. Blooms in August, September.
- HARVEST MOON**—Rich golden yellow with large incurving blooms in October.
- HENRY SUTCLIFFE**—A deep golden yellow incurved that makes good-sized blooms when disbudded.
- HENRY VINCENT**—A nice medium-sized very early pink that is loaded down with flowers.
- HILLCREST RED**—Rich velvety shade of crimson scarlet with gold reverse. Flowers 7 inches across when disbudded. September.
- HOOPOE**—A beautiful old rose sport from that grand variety Salmon Queen; will become one of the leading exhibition varieties, having same size flower as its parent.
- IVORY QUEEN**—A most perfect decorative bloom 6 or 7 inches across and also very deep on a nice stiff stem. Stands all weather. Blooms early October.
- JEAN HARLOW**—A bright golden yellow with semi-incurving form. Blooms August, September.
- JOHN BAXTER**—A very fine bright bronze with stiff stems, grows very large when disbudded. August, September.
- JOSEPHINE BERNIER**—Deep orchid pink. Large size and very solid blooms. Flowers incurved. We like this one very much. Blooms November.
- KESTREL**—Bright coppery crimson on long stems.
- LE POCOTOLE**—A very deep velvety crimson with good-sized flowers in October.
- LUCIUS**—Orange incurve with bronze shading. Fine hard flowers and stiff stems.
- MADONNA**—An exceptionally fine large white. Supposed to be the largest white grown.
- MAIDEN BLUSH**—Reflexing flowers are a blush pink overlaid soft rose, medium size; dark green foliage and good stiff stems. A nice variety.

NEW ENGLISH CHRYSANTHEMUMS—Continued

- MARY HOBBS**—One of the largest earliest yet raised. A light golden amber; center of the flower incurving and outer petals recurving, forming a lovely large flower. Blooms early September.
- MRS. J. FINDLAY**—Bright yellow. Blooms 6 inches across when disbudded. Blooms in September.
- MRS. PATTIE**—An extremely early variety of terra cotta red with gold reverse. A 6-inch bloom with broad incurving petals.
- MRS. T. GUTHRIE**—Large chestnut red with bronze reverse. Broad reflexing petals 6 inches across in September and October.
- MRS. T. RILEY**—Large white reflexing blooms made up of very broad petals. Very free and erect. Blooms in September.
- NELLIE RICHARDSON**—Large shell pink with salmon suffusion in center. An early bloomer, September.
- ORANGE QUEEN**—The richest golden yellow to date. Large broad slightly twisted petals. Blooms in September.
- PETUNIA**—A distinct purple shade. Really a different color all its own. Blooms in September.
- PINK FRED A**—A beautiful bright silvery mauve-pink. May be disbudded but equally good grown in sprays. Blooms in September.
- PINK REWARD**—A bright rose pink; small foliage and reflexing flowers four or five inches across in September.
- POLLY**—Deep golden orange shaded amber. A nice fall color with plenty of flowers in September.
- PRIMROSE**—An immense primrose yellow with incurving petals. Blooms September and October.
- QUAKER MAID**—A fine rich dark red of large size. Marked with bright gold, especially nice.
- RED RIDING HOOD**—Another red that makes a large bush with quantities of bright flowers.
- RED ROVER**—Crimson red, solid bloom that should be thinned on the bushes. Well adapted for branches of blooms as the stems and growth are excellent. Will make a bush a yard through.
- REVELER**—Glowing red good-sized flowers on long stems.
- ROYAL PAGEANT**—A good bright red.
- ROSE PRINCESS**—Salmon rose with a basal blush of gold on nice long stiff stems in October.
- SALMON FRED A**—A beautiful salmon sport of the Pink Freda with same habits.
- SALMON SPRAY**—An abundance of good-sized true salmon-colored flowers.
- SANDY RICHIE**—Rich brown crimson with clear golden reverse. Inner petals incurve and outer petals reflex. September.
- STELLA**—Clear pink on nice long stiff stems. Good size flowers in September.
- SUNLIT**—Large yellow, suffused bronze with full centers.
- SYBIL**—Large lavender pink. Stiff stems. Blooms in August.
- TIGER**—Large full crimson flower with rolled petals. After the bloom is out awhile flowers change to orange and yellow, making several color shades all on the same plant and all in perfect condition.
- VULCAN**—Solid brilliant crimson. Lovely shaped flowers 3 to 4 inches in September.
- WARDOWN BRONZE**—Large incurved orange amber bronze of fine habits. One that would also be nice disbudded.
- WHITE BLANCHE DUPONT**—Immense pure white. One of the loveliest white chrysanthemums.
- WHITE KING**—A medium size white flower in great profusion. We like this for cutting.
- YOUTH**—Delightful clear pink of good form. When disbudded makes a flower 6 inches across. Nice also in sprays.

CHRYSANTHEMUMS

20c each, your choice

Or our selection, 10 all different, for \$1.50

- ALGONQUIN**—One of the best yellow varieties, producing pure, bright yellow flowers 3 inches across.
- ANGELO**—Large light pink flowers 6 inches across when disbudded.
- APOLLO**—Korean. Salmon pink single of good texture.
- APRICOT QUEEN**—Bright orange incurve, gold reverse, 7 inches in diameter when disbudded.
- AVALANCHE**—One of the best white with flowers 4 inches across without disbudding. Early, free flowering, tall and straight.
- AUTUMN FIRES**—Very large bright red flowers with old gold reverse. Semi-double; very profuse bloomer.
- BETSY ROSS**—Fine white incurve, 7 inches when disbudded.
- CHAMPAGNE**—Bright ruby red with large flowers.
- CHRISTIANA**—Large white incurve.
- DAPHNE**—Large flowered single pink of good substance.
- DAINTY MAID**—Perfectly formed blush white buttons.
- EDEN**—Large flowered deep rose.
- GOVERNOR GREENE**—Huge crimson incurve with old gold reverse.
- GRANNY SCOVILLE**—Good size flowers in coral and bronze shades.
- HASAGAWA YELLOW**—Perfect form, bright yellow, large pompon.
- INDIAN SUMMER**—Large bronze flowers on straight stiff stems.
- ISABEL**—Deep pink. Large button on stiff straight stems.
- IRENE**—The best small pompon in a pure white.
- JULIO**—Bright red button.
- KING MIDAS**—Large full double flowers of a soft yellow fading to bronze with age, giving a pleasing two-tone effect.
- LAVENDER LADY**—A lovely true lavender, assuming a lovely silvery lavender effect when mature. The flowers are fully double and three inches across.
- LEGAL TENDER**—A good gold and bronze pompon a little later than most that we grow here, blooming in mid-October.
- MAJOR BOWES**—Bright rosy-pink; 6 inches across when disbudded.
- NEW YORK**—Bright bronze button.
- NUGGETS**—The best yellow button.
- OKUBA PINK**—A fine bright pink, originated in the commercial fields of Southern California. Good in sprays or disbudded.
- PINK DOT**—Tall growing button of clear pink with deep eye.
- PINK RAYONANTE**—Large pink spider type.
- PINK TURNER**—Light pink incurve, exhibition type, 7 inches across.
- ROSE CHOCHARD**—Large orchid pink, incurve.
- RED DOTY**—Deep red flowers with silver reverse. Beautiful effect.
- ROBERT BACON**—Bright rose-colored quilled petals with spoonlike tips of gold. Fine disbudded.
- SEPTEMBER BRONZE**—Perfectly shaped pompon blossoms of orange and bronze. Very early; starts blooming in July.
- SIMMONS YELLOW**—Large flat yellow, 7 inches across when disbudded.
- SOL D'OR**—A bright golden bronze with quilled petals. Has very stiff stems.
- SUE SALLY JONES**—A large yellow spider type showing a bright gold venter. Late.
- TIFFANY ROSE**—Double, deep rose flowers with faint cream undertones; 3-inch flowers.

CHRYSANTHEMUMS—Continued

WHITE NORMANDIE—Large flowered white; long stiff stems.

WHITE RAYONANTE—Large white spider type.

WILLIAM TURNER—Large white incurve; exhibition type; flowers 7 inches across when disbudded.

YELLOW RAYONANTE—Large spider type in buff and gold.

YELLOW TURNER—Large soft yellow incurve; flowers 7 inches across when disbudded.

AZALEAMUM OR CUSHION MUMS

20c each; all ten for \$1.50

Of recent introduction and have proven very popular. Cushion Mums grow 12 to 15 inches high and form a perfect mound of blossoms from June to frost.

AMELIA—The original cushion mum. Bright pink.

CHAMPION CUSHION—Deep bronze.

EDGAR A. GUEST—Bright terra cotta red.

GOLDEN CUSHION—Deep gold flowers all summer.

HARLEY'S YELLOW—New. A beautiful clear yellow that grows a little taller than the other cushions, making 18-inch mounds completely covered by the blossoms.

KING CUSHION—Beautiful bronze, apricot and gold tones.

PANOLA—Deep rose slightly larger flowers.

QUEEN CUSHION—Blush white, fading to pure white.

THE MAJOR CUSHION—Bright salmon pink. One of the best.

SERENE—The pure white counterpart of Hurley's Yellow.
